My First Time Playing Quartex!

Before we played:

Pick a piece and examine it. Draw it below. Tell me everything about the piece you can.

While we played:

A good move/strategy ______ shared was: (draw a picture; explain why it was good)

A good move/strategy ______ shared was: (draw a picture; explain why it was good)

Name:	
-------	--

After we played:

When your turn starts, how do you decide what piece to play? Use drawings and words.

Look at the board below. Let's say you're going to put your next piece in the spot where the arrow is pointing. Draw a picture of **at least two different pieces** that would fit there. Explain why both would fit.

Tell me one interesting thing you learned about Quartex. Use drawings and words.
